

MICROSOFT SOLUTIONS

Reimagine your business for the digital age

In today's competitive landscape, success belongs to organisations that move faster, operate smarter, and adapt instantly. Powered by Microsoft, our integrated solutions bring together Enterprise Resource Planning (ERP), Artificial Intelligence (AI), and automation — enabling you to transform every layer of your business.

This is more than digital transformation. This is business reinvention.

Frontier Partner

Business Value Matrix: Reimagine Your Business for the Digital Age

Strategic Objective	Microsoft-Driven Capability	Measureable Business Value
Move faster	Real-time, unified data across ERP, AI and automation	Accelerated decision cycles (hours vs days)
Operate smarter	Intelligent automation & AI-driven workflows	Increased productivity & reduced operating costs
Adapt instantly	Scalable, cloud-based architecture	Greater agility and faster time-to-market
Gain visibility	Integrated dashboards and predictive analytics	Full transparency across operations
Empower workforce	AI copilots and automated assistance	Higher-value output per employee
Drive growth	Unified digital platform with continuous innovation	Sustainable growth and competitive advantage

Microsoft Solutions That Drive Results

Microsoft 365

One platform. AI, security, identity.

Extend the power of AI across your organisation with Microsoft 365 E7, a next-generation productivity and AI platform designed to enable secure, enterprise-wide adoption.

- ▶ Enable CoPilot and AI Agent across everyday business applications
- ▶ Establish a unified, secure platform with enterprise-grade security and compliance
- ▶ Govern AI usage with enhanced controls, policies, and visibility across the organisation
- ▶ Integrate AI seamlessly across workflows and business processes
- ▶ Accelerate productivity while maintaining data privacy, control, and trust

From productivity to enterprise transformation

— M365 E7 enables AI to scale securely across your business.

Microsoft Dynamics 365 ERP

Unify. Optimise. Grow.

Break down silos and take full control of your business with a modern ERP platform built for agility and scale.

- ▶ **Business Central** - Perfect for SMEs seeking an all-in-one solution to manage finance, sales, inventory, and operations
- ▶ **Finance & Operations** - Designed for enterprises requiring advanced financial control, global scalability, and deep operational insights
- ▶ **Customer Relationship Management (CRM)** - AI enabled and unified customer management
- ▶ **SmartInsure** - End-to-end automated insurance processing and management
- ▶ **Deal Management** - Seamless sales-to-order fulfilment for manufacturing, FMCG, and retail sectors
- ▶ **Logistics Trip Management** - Optimised fleet utilisation and delivery planning

Real-time
financial visibility

Faster, data-driven
decision-making

Smarter supply
chain management

Seamless integration
across operations

Microsoft Power Automate

Automate. Accelerate. Innovate.

Transform manual processes into intelligent workflows with powerful automation capabilities.

- ▶ Robotic Process Automation (RPA) to eliminate repetitive tasks
- ▶ Workflow automation across apps and services
- ▶ Reduce human error and operational costs
- ▶ Improve efficiency and compliance

Let your team focus on what truly matters — innovation and growth.

Microsoft Azure

Intelligent Cloud. Trusted Control.

Build a secure, scalable cloud foundation with Microsoft Azure to support innovation, agility, and long-term business transformation.

- ▶ **Cloud Migration & Modernisation** - Structured, secure transition to Azure, including legacy system modernisation
- ▶ **Cloud Infrastructure** - Scalable, high-performance environments with built-in resilience and availability
- ▶ **Data, Analytics & AI** - Unified data platforms enabling actionable insights, advanced analytics, and AI-driven decision-making
- ▶ **Security, Risk & Compliance** - Enterprise-grade security, governance, and regulatory compliance
- ▶ **Automation & Application Services** - Optimised operations through workflow automation, DevOps, and cloud-native application development

Unify your data, applications, and infrastructure — securely in the cloud.

Start Your Transformation Today

Digital transformation is no longer optional—it's essential. With Microsoft solutions, unlock greater efficiency, intelligence, and growth.

Take the next steps:

- ▶ Discover how your business can operate smarter and faster
- ▶ Identify high-impact opportunities for automation and AI
- ▶ Build a scalable foundation for long-term growth

Why Partner with BDO?

- ▶ Combine BDO's deep business expertise and trusted client relationships with Microsoft's technology ecosystem
- ▶ Practical, results-driven approach focused on real business outcomes
- ▶ Proven experience embedding technology into operations and client solutions
