

IFRS

Masterclass 2026

**Tuesday,
8 September 2026**

8:00am - 2:00pm

Sheraton Petaling Jaya Hotel

Overview:

Financial and sustainability reporting are evolving rapidly as new accounting standards, sustainability disclosure requirements and regulatory expectations reshape the corporate reporting landscape. The introduction of IFRS 18 *Presentation and Disclosure in Financial Statements*, together with the continued adoption of IFRS Sustainability Disclosure Standards (IFRS S1 *General Requirements for Disclosure of Sustainability-related Financial Information* and IFRS S2 *Climate-related Disclosures*), marks an important step towards greater transparency, consistency and stakeholder confidence.

This exclusive half-day masterclass will provide a high-level overview of these significant developments, highlighting key changes, implementation considerations and practical steps organisations can take to prepare for the reporting landscape ahead.
